SEYMOUR DAILY REPUBLICAN.

VOLUME XXVII. NO 103 SEYMOUR, INDIANA, FRIDAY APRIL 4, 1902 PRICE TWO CENTS

A Name Twice Made Famous, Now a Shining Mark for Imitators.

The name "Chase," twice made famous, is a shining mark for the unscrupulous to pounce upon and appropriate in order to foist upon the public their worthless preparations. These birds of prey, by using the name Chase, expect the public to be fooled into believing they are the medicines of Dr. A. W. Chase, who first became noted as the author of the world famed Dr. Chase's Receipe Book and family physician, and whose fame is now doubly increased by the wonderful success of his Nerve Pills, with Nerve, Brain and Blood troubles. They play upon the name Chase, but dare not use the initials "A. W."

They imitate, but dare not counterfeit the portrait and signature of Dr. A. W. Chase, which identifies the Nerve Pills now recognized as infallible for building up pale, weak, thin-blooded, nerve exhausted sufferers.

Who are nerve-tired and brain-weary.
Who are easily exhausted.
Who are wakeful—cannot sleep.
Who have nervous headache.

They remove the cause of blood impurities, securing refreshing sleep and impart strength.

They build up people who find their strength and vigor waning.

They settle irritated nerves, replace languor and lassitude with energy and animation. Cure Nervous Dyspepsia.

CAUTION.—The protection to the public in securing the genuine and original Dr. A. W. Chase preparation is in seeing the portrait and signature of A. W. Chase, M. D., is on each box. These and these only are the genuine. Do not be satisfied with anything bearing the name "Chase" without the initials A. W. 50 cts. of Druggists or Dr. A. W. Chase Medicine Co., Buffalo, N. Y.

FIGHT SHY OF IT

"Reform" Forces Are a Bit Chary of Proposed Allied Party.

BUT TWO GO INTO THING

Out of All the Dissenters That Gather At Louisville Only Two Favor a Combine.

Peoples Party and Public Ownerships Get Together, the Others Stay Out.

Louisville, April 4.—Under the name of the "Allied People's Party of the United States" a new political organization was formed here yesterday, composed of reform elements opposed to the Democratic and Republican parties. The platform of the new organization embodies the platform adopted at the conference held in Kansas City last September, when a call for a convention was issued "to unite reform forces against plutocracy." It reaffirms the spirit of the declaration of principles adopted at the national conventions of the People's party in St. Louis, Omaha and Cincinnati, and the demand for the initiative and referendum and the government ownership of all public utilities are its principal planks. While the People's party, the fusion Populists, the socialists, the Referendum League, the Union Labor party, the Public Ownership party of St. Louis, the Prohibition party and the United Christian party were represented on the floor of the convention by accredited or by volunteer delegates, only two national organizations, the People's party and the Public Ownership party, had given their delegates any authority to form an alliance. It is the hope, however, of the Allied People's party that other reform forces will later decide to unite with the new organization.

The convention was practically dominated by the People's party. At times discussions of a lively nature took place and for a while it seemed as though the movement was about to fail owing to the unwillingness of a number of the People's party delegates to make any concessions to the other reform forces present.

Under the plan of organization adopted, the national committee of the People's party, with Jo A. Parker as its chairman, will remain intact with the addition of three more members from Missouri who will have one-half a vote apiece until the next national, this being a concession to the reform forces of that state. This committee will have power to call a national convention and its headquarters will be situated wherever the chairman desires except three months before an election, when they will be in St. Louis. The national committee will be composed of three members from each state and territory and an executive committee of seven will be selected from the country at large, every four years at a national convention. The basis of representation will be five delegates at large from every state and territory and one additional delegate for every 1,000 voters based on the vote at the preceding national election.

Capt. Carter Very Ill.

Leavenworth, Kan., April 4.—Oberlin M. Carter, ex-captain of engineers in the United States army, is seriously and probably fatally ill in the federal penitentiary at Fort Leavenworth. He has typhoid fever.

Don't

Fail to see them.
Professor G. W. Schwartz and T. W. Dryden, the expert accountants who will conduct a Summer School at Seymour, during June, July and August, 1902, will be at the

Shorthand, or Penmanship education you should see these gentlemen, as you can save from $2.00 to $4.00 by taking the

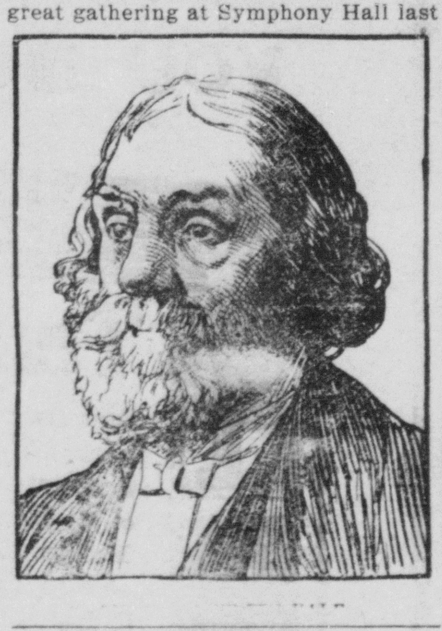
Schwartz School's

SUMMER SESSION COURSE.

NEW ENGLAND AFFAIR

Edward Everett Hale's Birthday Is Highly Honored.

Boston, April 4.—The Rev. Edward Everett Hale was 80 years old yesterday. The event was signalized by a great gathering at Symphony Hall last evening, at which addresses were delivered by Senator George F. Hoar, President Charles W. Eliot and others.



The celebration in honor of Dr. Hale was a New England affair. Among the names on the general committee in charge were those of Governor W. Murray Crane, Mayor Patrick A. Collins, Charles Francis Adams, Thomas Wentworth Higginson, Wm. Dean Howells, Robert Treat Payne, Bishop Vincent and Booker T. Washington. The occasion was marked by a popular outpouring of the people. Harvard and Dartmouth colleges sent delegations.

LOOKING IN TO IT

State Department Hears of British Camp In the United States.

Washington, April 4.—Secretary Hay has received from Gov. Heard of Louisiana a statement alleging the existence of a British camp at Chalmette, just below New Orleans, on the Mississippi river. The governor's communication is voluminous, comprising statements and affidavits intended to disclose the character of the alleged camp. By direction of the president it has been referred to the attorney general with a view to securing an opinion on certain legal points involved, and meanwhile it will not be given out for publication. While the state department will not hesitate a moment to make inquiry into the correctness of any such charges, preferred by any responsible person, such as the governor of Louisiana, it is believed that even now the department is not without its own ideas as to what is going on at Chalmette, and this knowledge has not shaken the department's original view that these operations are entirely lawful and that there is no power in the national or state governments to prevent them. So long as the shipments from Chalmette are confined to horses, livestock, fodder and provisions, and the port is not made the point of departure of a naval or military expedition, even if the supplies are bought directly by the British government.

Reducing the Lists.

Kansas City, April 4.—At the close of the second day of the grand American handicap at the Blue River park the number of wingshots with straight scores had been materially reduced. Of the 143 who had not missed a bird when the shooting stopped Wednesday, 89 dropped out yesterday, leaving 54 who still have a straight score.

Swept Minority Away.

Washington, April 4.—The senate bill to promote the efficiency of the revenue cutter service passed the house yesterday by a vote of 135 to 49. The opponents of the measure fought it to the last ditch. At the very end they attempted to filibuster but were swept aside by the overwhelming majority in favor of the measure.

A Legislative Row.

St. John, N. F., April 4.—A violent scene took place in the colonial legislature last night between the minister of finance, E. Jackman, and Mr. Morine, the leader of the opposition. "Mean, dirty liar," "scoundrel," "blackguard" and "coward" were among the epithets exchanged between the two men.

New Divorce Law.

Albany, N. Y., April 4.—Governor Odell has signed a bill which provides that no decree of absolute divorce shall become final until after three months after the date of the filing of the original judgment.

TERSE TELEGRAMS

Sixteen hundred Boston brewers are on strike.

The olemargarine bill passed the senate by a vote of 39 to 31.

Senator Deboe announces that he is not a candidate for Governor of Kentucky.

Two men were killed and four injured in an explosion at a South Chicago blast furnace.

The anti-trust law in Texas has been knocked out by a decision in the Austin Court of Appeals.

Mrs. Haines, on trial at Mount Holly, N. J., for the murder of her infant step-daughter, was acquitted.

W. C. Temple of Pittsburg has declined the position of President of the National Base Ball League offered him.

The fire that has been smoldering for twenty years in No. 2 coal mine near Carbon, Wyo. has broken out afresh.

John P. Dunn, wanted in Arkansas for the murder of a sheriff and robbing a bank escaped from a Wichita hospital.

Masked men made a daring attempt to rob the bank at Claypool, Ind., but was frightened away after blowing the safe.

Ex-Secretary of the Treasury Lyman J. Gage has been elected President of the United States Trust company, of New York.

A serious and organized rebellion has broken out among the Servian inhabitants of the northern villages of Turky. The insurgents are known as old Servian rebels.

BY A CLOSE VOTE

Oleomargarine Bill Passes Senate With But Eight to Spare.

LAST LIVELY DEBATE

Discussion At the Close Was In the Nature of a Reinforcement of Previous Arguments.

Some of the Provisions of the Important Measure—Vote Was 39 to 31.

Washington, April 4.—At the conclusion of a lively debate yesterday the senate passed the oleomargarine bill by a vote of 39 to 31.

The discussion was largely in the nature of a reinforcement of arguments previously advanced. Mr. Spooner of Wisconsin made the principal speech, maintaining that congress had ample authority to enact the proposed legislation because it was in the interest of the people.

In an earnest protest against the measure, Mr. Vest of Missouri held that congress was invading the powers of the states. Mr. Scott of West Virginia moved to recommit the measure, to the committee, holding that it was unsatisfactory to many senators and ought to be perfected. The motion was defeated, 35 to 37. During the afternoon a perfect flood of telegrams poured into the senate from all parts of the country, urging senators either to support or to oppose the measure.

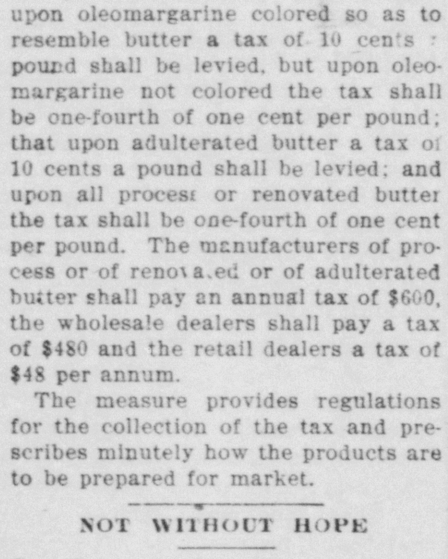
The measure as passed by the senate differs in some respects from that passed by the house of representatives. It provides that oleomargarine and kindred products shall be subject to all the laws and regulations of any state or territory or the District of Columbia into which they are transported, whether in original packages or otherwise; that any person who sells oleomargarine and furnishes it for the use of others except to his own family who shall mix with it any artificial coloration that causes it to look like butter shall be held to be a manufacturer and shall be subject to the tax provided by existing law; that upon oleomargarine colored so as to resemble butter a tax of 10 cents a pound shall be levied, but upon oleomargarine not colored the tax shall be one-fourth of one cent per pound; that upon adulterated butter a tax of 10 cents a pound shall be levied; and upon all process or renovated butter the tax shall be one-fourth of one cent per pound. The manufacturers of process or of renovated or of adulterated butter shall pay an annual tax of $600, the wholesale dealers shall pay a tax of $480 and the retail dealers a tax of $48 per annum.

The measure provides regulations for the collection of the tax and prescribes minutely how the products are to be prepared for market.

NOT WITHOUT HOPE

Dr. Talmage Thought to Have a Chance For Life.

Washington, April 4.—Dr. M. L. Magruder, the physician in attendance on Rev. T. DeWitt Talmage, says that his patient has not gained as rapidly as he might wish. He said there were no immediate alarming symptoms, however, and that while he is exceedingly anxious he is not entirely without hope.



REV. DR. T. DE WITT TALMAGE.

Senor Palma Talks.

New York, April 4.—T. Estrada Palma, president-elect of the Cuban republic, addressed the New York chamber of commerce yesterday. After Senor Palma's speech a vote of thanks was extended to him and a resolution was offered by Francis B. Thurber in favor of a 50 per cent reduction in the present Cuban tariff. After much discussion the resolution was referred to the committee on foreign trade with the proviso that such committee report at a special meeting in one week.

Waiting For Word.

Pekin, April 4.—The signing of the Russo-Chinese Manchurian convention only awaits the receipt of information as to whether objection to it will be raised by other powers.

CAPITAL GOSSIP

Political Points Presented By Our Indianapolis Correspondent.

Indianapolis, Apr. 4.—The announcement yesterday that Prof. Frank Hering, who has been nominated by the Democrats of the Thirteenth district for congress, would challenge Representative Brick, the Republican nominee, to a series of joint debates, has created considerable amusement among Republican politicians. "What is the use in Brick making a joint debate when he has everything his way," is what a majority are saying regarding the proposition. Brick has a majority of from 2,000 to 3,000 to start with, and although the Republicans understand that Hering is a hustler, they say he cannot overcome the lead and that it would be folly for Brick to waste time in joint debates.

W. T. Hicks of Bloomington is about to succeed in collecting an account of several hundred thousand dollars. He has been at it for over two years, but some of the money is hard to get as it has been outstanding for nearly half a century. The money belongs to the endowment fund of the Indiana University and it now amounts with interest to about $800,000. It was loaned by the different auditors of state on real estate. The state like individuals sometimes makes bad business transactions, so Hicks has had difficulty in many places foreclosing mortgages so as to get the money back. Many suits have been brought and in many cases the mortgages have been foreclosed at a loss. However, the university will not lose much, as a majority of the loans were made at a good rate of interest. A law was recently enacted by the legislature providing that the county auditors and not the state auditor should loan the money. It is believed that this plan will make the responsibility more direct and will result in better loans being made. Hicks says the university is enjoying its most prosperous year and that work is progressing rapidly on the science hall for which the legislature made an appropriation of $100,000.

Some of Joe Kealing's enemies are trying to cause him trouble by saying charges will be lodged against him that he is displaying "pernicious activity" in politics, but "your Uncle Joe," as his associates call him, isn't the least bit worried. Kealing can't keep entirely out of politics, but he is discreet and since his appointment as district attorney he has been more discreet than ever. If anyone convicts him of "pernicious activity" he will have trouble in getting the kind of testimony that counts with the civil service commissioners. Inquiries made from here of Washington fail to show that charges have been filed against anyone but Revenue Collector Bonnell of the Terre Haute district, and his friends believe he will not have serious trouble clearing his skirts.

Military Prisoner Shot.

Cincinnati, April 4.—Charles M. Ford, a military prisoner at Fort Thomas, Ky., was shot and instantly killed yesterday by Edward Turpin, a sentry, while attempting to escape. Ford was working in the basement of one of the buildings when he made a dash for liberty. After repeated commands to halt were disregarded, Turpin raised his gun and fired, the bullet entering Ford's back, killing him instantly. Ford enlisted in Louisville and was assigned to the Third cavalry, from which he deserted at Fort Ethan, Vt., and for which he was serving a one-year sentence at Ft. Thomas, Kentucky.

Claims She Was Poisoned.

Fort Wayne, Ind., April 4.—Berga Smith, 16 years old, employed in the Zero mitten factory, ate a cookey that she found on her work-bench yesterday, and in a short time she became violently ill. She claims to have been poisoned by one of her companions. Several days ago her coat, which was left hanging in the factory, was cut to pieces. The matter is in the hands of the police.

Two Officers Drowned.

Detroit, Mich., April 4.—While returning from a fishing expedition in a small sailboat last night Lieutenant Howard F. Avery, adjutant of the First battalion of the 14th regiment, stationed at Fort Wayne, and Lieutenant W. Ashbridge, were drowned by the overturning of the boat in the river about 600 yards below the fort.

Sargent's Plans.

Washington, April 4.—Frank Sargent, head of the Brotherhood of Locomotive Firemen, arrived here last night. He called on President Roosevelt today. The impression prevails that Mr. Sargent has decided to accept a tender of appointment as commissioner of immigration to succeed Mr. Powderly.

A Whitehouse Function.

Washington, April 4.—The first social event of the post-lenten season at the White House took place last night, when President and Mrs. Roosevelt entertained a large number of guests at a musicale at which Paderewski played.

They Can't Agree.

Washington, April 4.—The conferees of the two houses of congress on the war revenue repeal bill held another conference yesterday but again failed to reach an agreement.

Vicious Hog Attacks Girl.

Goshen, Ind., April 4.—Goldie, four years old, daughter of Isaac Zentz, near this city, was attacked by a hog, breaking her arm and tearing her face. Blood poison is feared.

TEACHERS GATHER

Both Branches of Indiana's Hosts of Pedagogues Talk Things Over.

TWO GREAT MEETINGS

South Bend Entertains the Northern Indiana Teachers and Bloomington the Southern Contingent.

Fine Programs Have Been Arranged At Both Places and Profitable Sessions Are Sure.

Bloomington, Ind., April 4.—Bloomington was formally turned over to the Southern Indiana school teachers yesterday. The 26th annual session of the Southern Indiana association convened in a three days' session last evening. For weeks the local educational society has been making extensive arrangements for the reception of the visitors. All general meetings will be held in the men's gymnasium at the university, while section meetings will be distributed among the various college halls. The attendance will approach 2,000 teachers and arrangements for the entertainment of this number have been made.

The opening session was held at the men's gymnasium last night, when Mayor Hadley, on behalf of the city, welcomed the visitors and Prof. M. V. Payne, county superintendent, on behalf of the Monroe County Teachers' association. Prof. C. A. Prosser of the New Albany schools responded, followed by the inaugural address of J. H. Tomlin of Shelbyville, the new president of the association. A reception was then tendered the visitors by the Woman's Council of Bloomington.

INDIANA TEACHERS.

Great Gathering of Hoosier Pedagogues At South Bend.

South Bend, Ind., April 4.—From every direction in Indiana and from Michigan, as well as other states, on every train and on interurban cars throngs of teachers have arrived to attend the 20th annual convention of the Northern Indiana Teachers' association. Present indications are that all previous attendance records will be broken, and that the convention will be the greatest in the history of the association. The opening session began at the Auditorium yesterday at 2:30 p. m., that great hall being the place for the general meetings.

The teachers were welcomed on behalf of South Bend and the city teachers by John B. Stoll, president of the board of education, who served in place of Mayor Colfax, who was called out of the city. The addresses of the incoming and retiring president, a musical program and appointment of committees occupied the afternoon. Teachers praise the general arrangements very highly. They are finding every arrangement complete for caring for them during their stay.

Deadly Coal Oil.

Tell City, Ind., April 4.—Mrs. George Kroessmann is dead at her home of burns received while using coal oil to start a fire in the kitchen stove. An explosion occurred, and her clothing was instantly in flames. Her husband seized a blanket and wrapped it about her. His hands and face were burned, as were the arms and hands of his son Emil, who aided his father.

Will Rebuild Church

Evansville, Ind., April 4.—The congregation of St. Boniface church, which was destroyed last Sunday, has decided to rebuild, and the priest of the parish, the Rev. Father Burkhardt, is now in St. Louis, consulting architects. The new building will cost from $150,000 to $200,000.

Mill Destroyed.

Wabash, Ind., April 4.—The large gristmill of Hoops & Ressler at Dora, this county, was destroyed by fire yesterday. The flames started in the engine-room. The structure and contents were valued at about $10,000. There is an insurance of $4,000.

Looted a Postoffice.

Covington, Ind., April 4.—The safe in the Covington postoffice was blasted by burglars, the thieves carrying away everything of value but a few stamps and postal cards. They secured all the cash in the safe and took the money orders.

Big Batch of Indictments.

Hartford City, Ind., April 4.—The grand jury, as a result of inquiry now closed, has returned 68 indictments, and the gas wasters and sporting men are on the anxious seat.

Found in the Marshes.

Valparaiso, Ind., April 4.—It is surmised that O. H. Johnson, whose dead body was found in the marshes near Porter, was murdered. He disappeared early in February.

Crushed His Legs Off

Fort Wayne, Ind., April 4.—John J. Carroll of this city, employed in a foundry at Bucyrus, O., was caught by a machine, crushing off both legs.

Caught Between Cars

Hammond, Ind., April 4.—Conductor Ed Spaulding of the Calumet Terminal company was caught between two cars and disemboweled.

DESTRUCTIVE BLAZE

Atlantic City Visited By a $1,500,000 Fire.

Atlantic City, N. J., April 4.—Twelve hotels and more than a score of small buildings adjoining the board walk which is built along the ocean edge were destroyed yesterday by a fire which swept the beach front for two long blocks from Illinois avenue to New York avenue. The loss, it is believed, will exceed $1,500,000. In this respect the conflagration is the most disastrous that has ever visited this city. The loss will be only partially covered by insurance, as the rate of 5 per cent charged by insurance companies on property here is regarded as almost prohibitive.

Fortunately no lives were sacrificed, though probably a dozen persons were slightly injured and burned during the progress of the fire. The city last night was guarded by a company of militia who were requested by the municipal authorities to aid the police in prevention of looting. About a dozen men were arrested during the day for robbery.

For nearly five hours the flames raged with such violence as to threaten the city with destruction. All of the burned buildings were frame structures, and the flames, fanned by a strong west wind, swept along the beach front with amazing rapidity.

NO TIME LOST

Justice Moving Speedily In the Case of William Lane.

Philadelphia, April 4.—Just as quickly as the laws of the commonwealth will allow, justice will be meted out to William H. Lane, the colored butler who on Tuesday killed Miss Ella J. Jarden, otherwise known as Mrs. Ella J. Furbush and her 10-year-old daughter, Madeline, and probably fatally shot the 7-year-old child, Eloise, for the purpose of robbery. The grand jury late yesterday afternoon returned two indictments against him for murder. The court immediately assigned counsel to legally defend him and his trial is in progress today. It is the intention of the district attorney to immediately send the case to the governor, who under the law fixes the date of the execution at not less than 30 days from the date of sentence. If the intentions of the law officers are carried out it will be the quickest case of conviction and execution of the sentence of death in this state. The condition of the child Eloise is critical.

Spectacular Suicide.

Niagara Falls, N. Y., April 4.—Delia Tansey of Buffalo went over the American falls at 6 o'clock last evening. It was the most sensational cataract suicide in years. The woman jumped over the railing of Goat Island bridge about 10 feet from shore. Two hundred people saw the woman go to her death.

SCARCELY KNEW HIM

Abner McKinley Shows Absurdity of Christmas Imputation.

Washington, April 4.—The investigation of charges in connection with the Danish West Indies negotiations was resumed yesterday by the house special committee having it in charge. Abner McKinley was the first witness. Asked as to whether he knew Captain Christmas, the witness said he had met him once in the most casual way in the lobby of the Manhattan hotel, New York. He never held any conference with him of any kind or character.

"Was there any talk of the Danish West Indies?" asked Mr. Dalzell.

"None whatever, either remotely or otherwise," answered the witness.

Mr. McKinley said he had never mentioned the matter to the president. He had no meeting with Christmas beyond this casual one, when there was nothing except an exchange of courtesies of the day.

Gratitude

Always seeks to find some expression for itself, and womanly gratitude will not keep silence. Cynical people sometimes say Why do women write these testimonials to the value of Dr. Pierce's Favorite Prescription? The answer can be put in one word, *Gratitude.* When, after years of agony a woman is freed from pain, when the weak woman is made strong and the sick woman well, the natural impulse is to write a word of grateful thanks for the medicine which caused the cure.

Dr. Pierce's Favorite Prescription cures diseases peculiar to women. It establishes regularity, stops weakening drains, heals inflammation and ulceration and cures female weakness.

"Having used Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery' during the past year," writes Mrs. Mattie Long, of Pfouts Valley, Perry Co., Pa. "I can truthfully recommend the medicines for all female weaknesses. I have used several bottles of 'Favorite Prescription' which I consider a great blessing to weak women. I was so nervous and discouraged that I hardly knew what to do. Your kind advice for home treatment helped me wonderfully. Thanks to Dr. Pierce."

Doctor Pierce's Pleasant Pellets cure biliousness, and sick headache. They should be used in connection with "Favorite Prescription," whenever the use of a laxative is indicated.

Dr. Bull's Cough Syrup

Cures a Cough or Cold at once. Conquers Croup, Whooping-Cough and Measle-Cough without fail. Mothers praise it. Doctors prescribe it for Bronchitis, Grippe, Hoarseness and Consumption. Quick, sure results. Price, 25 cents. Dr. Bull's Pills cure Constipation. Fifty pills, 10 cts. Trial box, 5 cts.

REPUBLICAN CITY TICKET.

For Mayor
ALFRED W. MILLS.
For Treasurer
THOMAS J. CLARK.
For Clerk
FRED EVERBACK.
For Judge
ABSALOM H. HOOVER.
For Marshal
ABRAHAM THICKSTEN.
For Councilmen.
2nd ward—
EDWARD L. HANCOCK
ALBERT D. ELDRIDGE.
4th ward—
HENRY P. MILLER
DANIEL M. HOSKINS
5th ward—
EDWIN E. DOANE
THOMAS M. STEWART.

The ticket named is a winner and the expressions worn today on the faces of the democratic fixers shows that they know it. They do not look happy at all.

THE republicans of Seymour have made their nominations for the May election. It now behooves every member of the party to begin work to elect the ticket by the largest possible majority.

ON the fourth page of this issue is an extended article on the State's finances that should be read carfully. It shows a splendid record made by the republican state officials during the past six years. Indiana's finances were never in better shape than now.

R. O. HAWKINS, attorney for the Republican State committee, holds that township advisory boards must be elected this year. A question about it arose in Vanderburg county and Chairman Goodrich asked Hawkins for an opinion. Hawkins construes the law to mean that the first boards were to be elected in November, 1900, the second in November, 1902, and boards thereafter every four years.

THE Greensburg New Era proposes P. H. McCormack, of Columbus, for joint senator from Bartholomew and Decatur. The first thing McComack knows he will be burdened with nominations. He is at present a member of the city council of Columbus and is a probable candidate for reelection. He is also a probable candidate for mayor of Columbus and besides he has been hearing the congressional bee buzzing for a long time. Now the New Era wants to run him for joint senator. Out of all these Pat ought to land at least one nomination.

How It's Done.

The first object in life with the American people is to "get rich;" the second how to regain good health. The first can be obtained by energy, honesty and saving; the second, (good health) by using Green's August Flower. Should you be a despondent sufferer from any of the effects of Dyspepsia, Liver Complaint, Appendicitis, Indigestion, etc., such as sick Headache, Palpitation of the Heart, Sour Stomach, Habitual Costiveness, Dizziness of the Head, Nervous Prostration, Low Spirits, etc., you need not suffer anotner day. Two doses of the well-known August Flower will relieve you at once. Go to W. F. Peter's Drug Co. and get a sample bottle free. Regular size, 75 cts. Get Green's special almanac. -1

Two things in the treatment of nasal catarrh are now fully understood. First: the drying process is a delusion that produces more mischief than benefit. Second: science, common sense and experience proclaim Ely's Cream Balm to be instant relief, and final, certain cure. It cleanses the diseased membranes and never makes the patient sneeze. Price 50 cents. Sold by druggists and by Ely Brothers, 56 Warren Street, New York.

BUSINESS NOTES.

S. J. Smith and wife are here from Bedford on business.

Chas. Calvert, of Scottsburg, came here last evening on business.

Sherman Perry made a business trip to Indianapolis this morning.

Paris Long, of Brownstown, came here this morning on business.

W. F. Wood and wife, of Ft.Ritner came here this morning to trade.

Clark B. Doane and wife, of Greensburg, came here today on business.

M. H. Parks and daughter, of Hawpatch, came here today on business.

M. E. Tolliver and wife of Bedford, came here this morning on business.

J. M. Weiner and sister, of New Albany, came here yesterday on business.

B. F. Landis and wife, of Pulaski county, Tenn., came here last evening on business.

L. C. Huffington, of Medora, came here this morning on business with M. A. St. John.

H. H. Prince, of Brownstown, made a business trip to Indianapolis this morning.

Henry Siebenbergen went to Medcra today in the interest of the Hub and Spoke Factory.

Several persons about Tampico are engaged in hauling ash logs to T. J. Standfield & Company.

George Bishop who has been salesman at W. H. Reynolds, went to Anderson this morning to work.

Dr. H. A. Cummings, of Clearspring this morning made his fourth trip to Indianapolis to have his eyes treated.

Fred Clark and family have moved to Shelbina, Missouri, where Mr. Clark has a good position as miller.

John M. Lewis, O. H. Montgomery, C. E. Wood and S. A. Barnes went to Scottsburg this moring to attend circuit court.

George Fleenor, who recently completed a service of three years in the Philippines and China, came up from Brownstown today on business.

RAILROAD RUMBLINGS.

B. H. Rush, of the W. Y. D., came here last evening on business with the yard hands.

Robert Stroud, of Mitchell, was here today repairing the water crane in the yard and looking after the pipes in the yards and round house.

Left to the Governor.

The choice of the monument dedication orator has been left to Gov. Durbin, by the dedication committee. The committee has appointed a press committee. A feature of the dedication will be grand fireworks display' with pieces representing some of the prominent men of Indiana during the civil war. It is estimated that $8,000 will be required to cover all expenses.

Will Ask for Damages.

Martin Sellers has been appointed administrator of the estate of the late Vincent Bohall. It will be remembered that Bohall was killed at Indianapolis by coming in contact with a live electric wire that had fallen to the street. The administrator will seek to recover damages in the sum of $10,000 and has employed Messrs. Miller & Barnett of this city to prosecute the case and it will be filed at an early date in the Marion county court. —Franklin Star.

Vincent Bohall was a brother of W. D. Bohall of this city.

Akerstrom Comedy Co. three nights next week. 10-20-30 cents.

Home killed meats, beef, pork, veal, sausage, dressed poultry of all kinds at Russell & Elsner's.

Akerstrom Comedy Company give a different play each night. 10 20-30 cts.

The finest of beef, pork, veal and dressed poultry of all kinds at Mrs. Hibner's.

For a choice cut or roast of beef, pork, veal, boiled ham, sausage of all kinds and dressed poultry go to Leidorf's.

R. J. Mayes has opened a first class cash grocery next door to Richart's clothing store. Give him a call.

Akerstrom Comedy Co. matinee Saturday the 12th Prices 10-20 cents.

M. S. Blish received a cablegram from T. S. Blish today. He is now at Yokohama, Japan and will sail for home on the 15th of April.

Mrs. J. W. Cole entertained Tuesday evening in honor of Miss Katie Kruwell, of Indianapolis. Games were played and light refreshments were served.

Mrs. John McGoffin went to Chicago this morning by way of the Sotuhern Indiana to visit her sister, Mrs. George Baldwin.

Railroad Free of Debt.

The only railroad in Indiana that has no debt is the electric line from Indianapolis to Franklin, a distance of 53 miles. This is the road that Senator Schneck and his co-promoters eventually expect to join hands with, making a direct line from Jeffersonville to Indianapolis.

It is owned by Joseph I. Irwin, of Columbus, a banker who got tired fooling with the company and built an entire line himself. Everybody was paid in cash so that there are no bonds and the stock cannot be bought. At the annual election a few days ago he elected himself president and his children and grandchildren directors.

The road has been a money maker from the start and may be extended to Columbus this summer. Mr. Irwin is the banker and the gentleman who saw the Reeves brothers through their financial troubles years ago at Columbus. He backed them with thousands of dollars, and saw them win out.—Jeffersonville News.

Surprised their Pastor.

The Ladies Aid Society of the St. Paul's church planned a very pleasant and successful surprise on their pastor, Rev. F. Daries last evening. The occasion was the pastor's birthday and the members of the society and their families, seventy-five in number, went to his home in the evening and treated him to a genuine surprise. The evening was spent very pleasantly by all present Refreshments were served and Mr. Daries received many valuable presents.

Tis Easy To Feel Good.

Countless thousands have found a blessing to the body in Dr. King's New Life Pills, which positively cure Constipation, Sick Headache, Dizziness, Jaundice, Malaria, Fever and Ague and all Liver and Stomach troubles. Purely vegetable; never gripe or weaken. Only 25c at W. F. Peter's drug store.

How He Knows.

An army officer in the Philippines says he gets his home newspaper chiefly to read the advertisements. He wants to know who among his former associates and townsmen are dead. "When a business man ceases to advertise." he says, "I know he is either dead or has lost his enterprise and may as well die.

Relics.

Dixon M. Hays shows to the REPUBLICAN a testament presented to him in 1858 by J. W. McFadden, his school teacher. Mr. Hays carried it with him all through the civil war, four and a half years, and during that time read it over and over. Mr. Hays also has a genuine two dollar confederate bill, which he picked up on the battle field at Nashville, Tennessee. He prizes these very highly as keep sakes.

Beware of Ointments for Catarrh that Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used excepton prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken interally, and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by Druggists, price 75c per bottle. Hall's Family Pills are the best.

COUNCIL PROCEEDINGS.

Two Manufacturing Plants Given a Good Lift.—Other Business Done.

The Seymour city council met in regular session last night with Mayor Mills in the chair and all councilmen but Bartlett present.

The minutes were read by the clerk and adopted by the council.

Under the call of standing committees Brethauer of the light committee recommended that the quarterly light bill less $3.21 reduction be allowed. Report adopted.

Treasurer Clark submitted his report for the month of March which showed receipts for the month amounting to $22,475.21, and disbursements amounting to $21,275.61. Balance in treasurer $5,167.70.

The bids for the removal of the gargage from the city for the coming season were opened. Peter Largent proposed to remove the slops and garbage from the city for eight months for the sum of $35 per month.

Walter S. Prall proposed to remove the slops and garbage from the city for eight months for the sum of $26 per month.

Walter Prall being the lowest bidder was awarded the contract at his bid.

On motion of Huber a committee of five consisting of Huber, Eldrigde, DeGolyer, Binder and Brethauer, was appointed to investigate the matter of placing flagmen at the crossings of the Southern Indiana, and Ewing street and Seventh street as called for in a pending ordinance and report back to the council.

The ordinance granting a renewal of the franchise of the Seymour Gas Light and Coke Company was placed on its second reading.

On motion of Binder a committee consisting of Binder, Schwing and Bauer, was appointed to confer with the Gas Company about making a new schedule of rates.

A contract between the city of Seymour and Hiram E. McDonald was agreed to whereby Mr. McDonald agrees to remodel and improve the Slack Stave Mill by putting in new machinery, new steam boxes, build new sheds and make such other improvements necessary to put the mill in first class condition; to run and operate same fifty weeks in each year for a period of not less than ten years: to employ not less than forty men at the mill and not less than thirty more outside of mill. They payroll at the mill to be not less than $300 a week and the payroll on the outside not less than $300 a week. In consideration of this agreement the city agrees to pay a bonus of $4,000 to Mr. McDonald and to exempt the Slack Stave Mill from city taxes for a period of ten years. For the fulfillment of this contract Mr. McDonald gives a bond $4,000. This contract was followed by a resolution whereby the city purchases of H. E. McDonald a tract of ground one hundred feet square out of the southwest corner of Block N, in Thomas' addition to the city of Seymour, the same to be used for a dump ground, the consideration being $4,000. This money paid for the land is one and the same as the bonus called for in the contract. The resolution was adopted and the contract ratified.

An agreement between the Travis Carter Company and the city of Seymour was read and ratified whereby the Travis Carter Company agrees to build and operate a Hub factory in this city for forty-eight weeks in each year for a period of not less than ten years; to employ not less than sixteen men in and around the mill, the payroll to be not less than $200 a week. A new building 60x32 feet and two stories high will be constructed for this industry. In consideration of the above agreement the city agrees to pay to said company a bonus of $2,000. This contract was followed by a resolution providing for the purchase by the city of the Travis Carter Company lot No. 11, in block 32 in the city of Seymour, the same to be used for no other purpose than a hose house lot. Consideration $2,000, which money is to be one and the same as the $2,000 bonus provided for in the contract between the city and the Travis Carter company. The resolution was adopted and contract ratified.

Under miscellaneous business only a few matters were brought up as all were anxious to get out to hear the result of the republican primary.

Council adjourned about 9 o'clock.

WINNING TICKET NAMED.

Result of the Primary Election Thursday.

The republican primary election in Seymour Thursday passed off quietly and a winning ticket was named. Since there was no contest on for mayor, treasurer and city judge and no contest between candidates for councilman except in the Fifth ward the vote polled was not as large as it otherwise would have been. The total vote polled was 462.

The men nominated are well known citizens and hold the confidence and respect of the people. Several of them have been tried in public office and are holding positions of honor and trust at this time The fact that most of them were renominated without opposition speaks for the record they have made. It shows that the people are ready to sustain them and again trust the affairs of the city in their hands. The ticket made is a good one and will be elected on the sixth day of May.

The vote cast in the five wards is as tabulated below:

WARDS.	Mills	Clark	McKinney	Everback	Hoover	Hopewell	Russell	Liebrand	Irwin	Thicksten	Hancock	Eldridge	Miller	Hoskins	Thompson	Doane	Stewart
1st Ward	66	73	34	44	65	25	31	2	5	24							
2d Ward	77	98	51	59	73	37	32	8	10	29	77	81					
3d Ward	30	31	17	16	23	11	7	0	2	17							
4th Ward	58	64	30	35	50	16	21	0	4	30			55	42			
5th Ward	99	110	55	55	86	43	21	2	9	59					39	85	86
Total	330	376	187	209	297	132	112	12	30	156

Ex-Sheriff Josephus Goss and daughter, of Owen township, drove to the city this morning. The latter went to Shelbyville, Ky, to visit her aunt.

Sweeter than the breath of morn is the breath of the girl who takes Rocky Mountain Tea. A perfect system renovator, safe, soothing and invigorating. Ask your druggist.

Medical Society Meeting.

The regular monthly meeting of the Jackson County Medical Society was held Thursday afternoon, April 3rd, 1902, with the following members present: Drs. Barnes, Hill, Ritter, Kamman, Gerrish, H. A. Cummings, D. J. Cummings, Osterman and Galbraith. Dr. Davis, of Surprise, was present as a visitor.

Appropriate resolutions on the death of Dr. Shipman were passed by the society and a short biography will appear in the transaction of the State Medical Society for this year.

Dr. Kamman then read a paper on the treatment of Typhoid Fever. A general discussion followed by all the physicians present. With modern treatment the mortality has been reduced more than one half and with proper prophylaxis the number of cases could be considerably reduced. Judging from a point of interest, this was one of the best meetings held lately. G. H. KAMMAN M. D., Sec.

Job Couldn't Have Stood It

If he'd had Itching Piles. They're terrible annoying; but Bucklen's Arnica Salve will cure the worst case of piles on earth. It has cured thousands. For Injuries, Pains or Bodily Eruptions it's the best salve in the world. Price 25c a box. Cure guaranteed. Sold by W. F. Peter's.

School Closing.

The Barkman school in Jackson township closed yesterday and the patrons gathered to have a reunion. A big dinner was served and all had an enjoyable time In the evening Mr. Goodale was out with his gramaphone and gave the patrons a treat. A petition has been presented asking that the teacher, Miss Minnie Sarver be employed another year.

He Kept His Leg.

Twelve years ago J. W. Sullivan, of Hartford. Conn., scratched his leg with a rusty wire. Inflammation and blood poisoning set in. For two years he suffered intensely, "but," he writes, "I used one bottle of Electric Bitters and 1 1-2 boxes of Bucklen's Arnica Salve and my leg was well as ever." For Eruptions, Eczema, Tetter, Salt Rheum, Sores and all blood disorders Electric Bitters has no rival on earth. Try them. W. F. Peter's will guarantee satisfaction or refund money. Only 50 cents.

Public Sale.

I will offer my entire personal property and household goods at public sale on Thursday, April 10, at 1 p. m., at my residence No. 719 North Broadway. All sums under $5. cash. Over $5 a credit of nine months will be given, purchaser to give good bankable security. All goods must be settled for before leaving the premises.

A WORLD WIDE VICTORY.

The recent victories of the house of Baldwin at the Paris Exposition give to its products a value and prestige not possessed by any other American piano. The grand Prix awarded the Baldwin Piano is an honor coveted by all the manufacturers of the world, but which has never been bestowed upon any American piano except the Baldwin. The Silver Medal awarded the Hamilton pianos and organs shows the estimate of the International Jury of these Standard Instruments. The fifteen other awards [gold, silver and broze medals, and honorable mentions], serve to emphasize the Great one, and show the high value placed upon the details of construction and the inventions embodied in these instruments.

INDIANA'S FINANCES

Significant Showing of the Manner In Which the People's Interests are Safeguarded.

HOW THE MONEY IS HANDLED

The Thoughtful Reader Cannot Fail to Be Interested in Some Figures and Statistics Presented in These Columns.

Political parties are more and more as the years come and go, held to a strict accountability for the financial operations connected with government. The state government is nothing more or less than a great business institution considered from the fiscal standpoint of managing the public affairs of this substantial commonwealth. The receipt and disbursement of $5,500,000 annually renders the administration of Indiana's financial affairs one that demands careful, economical and methodical accountings rather than the haphazard of inefficiency, indifference and waste. One fact should never be lost sight of: The humblest tax-payer is a stockholdeer in the financial features of the state's business. He has a perfect right at any time to call for and inspect, if he chooses, any voucher or warrant connected with the state's affairs, just as he would have the privilege if interested in a bank, to walk behind the counter and witness personally how his investment was being handled. The trend of public determination is toward the highest standard of business excellence for the transaction of governmental interests. There never was any sane reason why the dollar of state or county disbursement should not have one hundred cents' of itemized accountings. The system of bookkeeping in a state institution that does not provide a method of identification for its disbursements as positive as the checks and balances of a clearing-house, is faulty and wasteful. The employe of the state or county that objects to filing receipts with vouchers for expenses or purchases, should be given his ticket of leave. Fiscal year appropriations should mean the annual income and to exceed or juggle them is malfeasance. Indiana is fortunate in having a consolidated system of government, one singularly free from the superfluous boards and bureaus that other states have through the influence of selfish politics created for no other purpose than extending the salary list. The duties of the secretary of state and auditor of state in Indiana, in some other states, in addition to those offices, have as many as five additional bureaus, each with its complement of employes, and all absolutely superfluous. The cost of government in Indiana is less than any other state I know of. There are fewer supernumeraries, sinecures and figureheads. The Republican party came practically into power in Indiana, so far as business responsibility is concerned, in 1895. Governor Matthews was not superceded until 1897, but the legislature and the fiscal management of the state were Republican. The tax levy inherited from the Democrats was 32 cents on the $100. The Republican legislature of 1895 reduced the general fund levy one cent, the state school 2½ cents, making the levy 28½ cents. The Republican legislature of 1897 provided for an educational institutional tax of 1 2-3 cents on the $100 for the three state colleges, instead of making annual appropriations, so that indirectly we are paying a school tax of 12 2-3 cents. The general expenses of the state are largely paid from the state and benevolent institution levies of 14 cents on the $100. The average tax for all purposes in Indiana is $1.46 on the $100. The rate in Cook county, Illinois, is $6.52, and but few counties in that state are less than $4 on the $100. The state tax levy for general fund when the Democrats came into power in 1891 was 12 cents on the $100, which their legislature promptly increased to 18 cents on the $100. The Republican legislature in 1895 as promptly reduced it to 9 cents, which with the benevolent institution fund tax of 5 cents, increases it to 14 cents.

The state debt in 1891, when the Democrats took charge, was $8,830,615.12; in 1895, when the Republicans came into power, it was $7,520,615.12, a reduction of $1,310,000 or $327,500 per year, and of this amount $723,000 was received from the government in payment of the direct war tax. The state debt on Oct. 31, 1901, after seven years of Republican administration, was $4,204,615.12, or a reduction of $3,326,000, or an average of $475,144 per year. This amount was further reduced Jan. 2, 1902, $317,000, making the debt at present $3,887,615.12. The annual interest has been reduced from $243,725 to $131,565. One million eighty-five thousand dollars of 3½ per cent bonds cannot be paid until 1915, not having any option feature. The bonds owing Purdue and Indiana universities amounting to $484,000, at 5 per cent, are perpetual. The balance of the debt, $2,313,000, is at the option of the state, and Governor Durbin will have the honor of paying every dollar of this during his administration. In addition to this splendid debt-paying record, there has been paid for new buildings and repairs to meet the rapidly growing demands of the penal, benevolent and reformatory institutions, $1,392,000, besides $125,000 to establish the state soldiers' home, and over $100,000 to complete the soldiers' monument, in addition to large incidental specific appropriations by each legislature. The average yearly cost of maintenance of the state institutions has been $1,060,000, and although the population of these institutions has increased (in the case of the insane, 20 per cent), the average expense has been lessened. The 1899 report of the board of state charities says: "If the per capita cost of maintaining the state institutions in 1899 had been what it was in 1891, it would have cost the state $340,539.76 more." It is a cause of sincere congratulation that Indiana has led the advance in the forward movement toward placing state institutions on a business, humanitarian and non-partisan plane. The soldier's orphan is being educated and cared for; the needy veterans and their wives have a comfortable home in their declining years; the very best reformatory in the United States has been established and every opportunity given those in the penal institutions for education and reform, based on their individual effort and records. The best care and the best food is provided; economy without parsimony or neglect practiced; discipline and industry enforced. Competitive bids control all purchases; merit and competency determine tenure of employes, and strict fidelity to accountings required, not only in the inspection of supplies, but in the daily outgo for consumption.

Two bureaus have been added under the Republican administration—that of factory inspector, and the labor commission. The former was extended by the legislature of 1901 so that now the laboring public are enjoying the state's care in the sanitary conditions, and the other safeguards in factories, workshops and mines. Under the provisions of the child-labor statute, children have been practically eliminated from factories, and under the compulsory education act, are in school. The work of the labor commission has been of incalculable financial benefit to the state, besides bringing blessings to those who toil. Arbitration and the effective counsel of the state's representatives have easily taken the place of strikes, saving wages in enforced idleness and strengthening the mutual relations of labor and capital. The increased expense involved in extending the work of the board of state charities has saved the state hundreds of thousands of dollars, besides in its humanitarian aspect, accomplishing results not measurable in a financial way. The dependent children and orphans' homes are cared for by state agents, and private homes secured for those left for public care and support. This financial saving to the counties is a large item, but not comparable to the higher interests and destinies involved. The work in outdoor poor relief has resulted in a reduction from $630,000 in 1895 to $210,000 in 1900, with no increase in want or suffering.

Having lowered the tax levy, the Republican legislature of 1895 promptly passed the fee and salary act, which has resulted in an annual saving of many thousands of dollars to the state and counties. One very practical example can be found in the insurance department. The collections last year were $277,000, which under the old law would have paid the auditor $27,700, or practically the entire four years' salary under the present law. There has been collected in the insurance department since 1895, $1,336,822.80, which the present Republican law has saved to the state in auditor's fees $133,682. The receipts of this department pay the expenses of the department, and from the surplus every salary and expense account in the statehouse, including the judiciary. The saving to the people by the heroic enforcement of the law against "wild cat" insurance, debenture and bond investment companies, has been of incalculable value. The brood of debenture companies that two years ago were kept out of Indiana with but little law and a "stuffed club" have proven thieving schemes in smooth disguise, and in a neighboring state the receiverships have so far disclosed a loss of over one and a quarter millions in the so-called investments made.

The county and township reform laws will forever inure to the wisdom of Republican legislation. They will more than vindicate the claims for economy and a better system of local government. The action of congress in approving the measures introduced by Senator Fairbanks and Congressman Hemenway, will permit the government during the present year to approve of the state's claim of $713,000 growing out of the civil war in financial advances to be paid, thus paying off just that much additional of our state debt. The property of the state much more than exceeds our debt, so that practically our assets now exceed our liabilities.

Indiana is as surely Republican as Iowa, if the administration of affairs is one of careful, conservative business methods, and that loyalty to official duty which will enforce the laws with the vigor of determination. The day of "smooth citizenship" has passed in the administration of public affairs. The tentative policy has been superceded by the positive. No party can succeed in Indiana, or ought to succeed, that lowers the standard of business administration, non-partisanship in institutional management, and does not unrelentingly protect the people by the enforcement of the statutes. The people look to Republican administration for protection, for prosperity, for results. The Republican party is one of earnest, sincere conviction to duty and principle.

"Mrs. Pinkham Saved me from an Operation."

Operations Avoided.

When a physician tells a woman suffering with ovarian or womb trouble that an operation is necessary, it of course frightens her.

The very thought of the operating table and the knife strikes terror to her heart.

And our hospitals are full of women who are there for ovarian and womb operations!

It is quite true that these troubles may reach a stage where an operation is the only resource, but such cases are much rarer than is generally supposed, because a great many women have been cured by Mrs. Pinkham's medicine after the doctors had said the operation must be performed.

Lydia E. Pinkham's Vegetable Compound has been very successful in curing ovarian troubles. In fact, up to the point where the knife must be used to secure instant relief, this medicine is certain to help.

Ovarian troubles are easily developed from womb troubles, and womb troubles are so very common that ovaritis is steadily on the increase among women. It is, nevertheless, a most serious trouble, and to recommend wrong treatment for it is a crime for which there cannot be too deep a penalty.

It is, therefore, with full consciousness of the seriousness of the disease and the steady failure of other medicine to cure it, that we present for ovarian and womb trouble **Lydia E. Pinkham's Vegetable Compound** as the most certain to help of any medicine in the world to-day. Any person who could read the letters in Mrs. Pinkham's files at her office in Lynn, Mass., would be convinced of the efficiency of Mrs. Pinkham's Compound.

The strongest and most grateful statements possible to make come from women who have escaped the operating table by the use of this medicine. Let any woman suffering from these troubles, or anything which may develop into them, write and get Mrs. Pinkham's advice. If you are beyond the reach of the medicine, you will be frankly told so, but, if not, you will be fully and carefully and kindly advised.

The most serious of all the diseases of women, as well as the minor ills, are promptly overcome by

Lydia E. Pinkham's Vegetable Compound.

Earnest Words of Gratitude.

MRS. ANNIE HARTLEY

"DEAR MRS. PINKHAM:—Your Vegetable Compound has completely cured me of the worst form of womb trouble, and made me a strong, healthy, robust woman. Before using **Lydia E. Pinkham's Vegetable Compound,** I suffered with severe pains in back and side, headache and nervousness. Menses would sometimes occur every two weeks, and once I had a severe hemorrhage which lasted a month. I was confined to my bed and the attending physicians told me I would have to undergo an operation as soon as I was strong enough. I read in one of your little books several testimonials from ladies who were cured by your Compound after having been told by their doctors that an operation was necessary, and I made up my mind then and there to commence taking your Compound. I did so and it has completely restored me to good health. I have gained twenty-two pounds since taking it and my flesh is as solid as a rock. My friends remark about the change in me. I am a living advertisement of what **Lydia E. Pinkham's Vegetable Compound** can do, and have influenced many of my friends to try it, which has proved very gratifying in its results. I thank you for restoring me to health."—ANNIE HARTLEY, 209 S. Sangamon St., Chicago, Ill.

ANOTHER OPERATION AVOIDED.

"DEAR MRS. PINKHAM:—I feel very grateful to you for the benefit I derived from your kind advice and remedies. I was troubled with a complication of female troubles, had ovaritis, painful and irregular menstruation, leucorrhœa, nervousness, and weakness. I had no appetite and could not sleep nights. The least exertion would cause shortness of breath and dull pains in my hips and side. The doctors all advised me to have an operation and have one of my ovaries removed, but this I could not bear to think of. I was induced to try **Lydia E. Pinkham's Vegetable Compound,** and after taking the first bottle I was much improved. It renewed my appetite, health, and strength. I continued taking it, also your Blood Purifier and Sanative Wash, until entirely cured of all my troubles. The pains have never returned, and my health is splendid.

"Your remedies have been a boon to me, and I am sure many a woman owes her life to them."—MARIE WEBB, 356 Columbus Ave., Boston, Mass.

"DEAR MRS. PINKHAM:—I feel it my duty to publish the wonderful help **Lydia E. Pinkham's Vegetable Compound** has been to me. I was like a crazy person—could not eat or sleep; there was no rest for me day or night. Physicians examined me and said an operation was necessary. Before undergoing it, however, I determined to try Lydia E. Pinkham's Compound. I am so glad I did, for it cured me. I am a well woman now and can do any kind of work. I want this published throughout the land, so that all my suffering sisters may read, and if in any way afflicted with female troubles, they may be induced by my sincere statement to try this wonderful Vegetable Compound and be cured."—MRS. MARGARET BAMFORD, Centennial Ave., Crescent Beach, Revere, Mass.

MRS. ANNA ASTON

"DEAR MRS. PINKHAM:—I wish to send you my testimonial stating the grand effect **Lydia E. Pinkham's Vegetable Compound** has had on my health. I was suffering to such an extent from ovarian trouble that my physician thought an operation would be necessary. Your medicine having been recommended to me, I decided to try it. After using several bottles I found that I was cured. My system was toned up and I suffered no more with my ovaries. Your medicine is the greatest boon on earth to suffering women."—MRS. ANNIE ASTON, Box 137, Troy, Mo.

$5000 REWARD to any person who can show that the above testimonials are not genuine, or were published before obtaining the writers' special permission.—LYDIA E. PINKHAM MEDICINE CO., Lynn, Mass.

Owing to the fact that some skeptical people have from time to time questioned the genuineness of the testimonial letters we are constantly publishing, we have deposited with the National City Bank, of Lynn, Mass., $5,000, which will be paid
